

Request for Engineering Services:

The Village of Madison is requesting qualified firms/individuals to submit a statement of qualifications (SOQ) for Consulting Services to serve as "Village Engineer". Firms must be qualified by the Ohio Department of Transportation (ODOT) and have experience in: Roadway Design (Complex and Non-Complex), Traffic Signal Design (Basic Traffic Signal & Traffic Signal System), and Highway Lighting Design (Limited & Complex). The firm must have extensive experience in water distribution, wastewater line design and waste water treatment plant design and upgrade. OEPA NPDES Phase II required, Storm Water Management.

The qualified firms/individuals must also have experience in project planning and management, construction inspection and grant acquisition. Qualifications must include but are not limited to Professional Engineering Registration within the State of Ohio. The firm/individual must have a minimum of ten years experience as a City Engineer/ Village Engineer with other municipalities.

Firms will be short listed based on their SOQ and the experienced staff assigned to serve the Village. Interviews with the short listed firms may be required.

Deadline to submit the SOQs is February 5, 2010 at 2:00p.m. to the following:
